▼ 2018's BEST RPG "Rise, Tarnished," the crossover title between "The Elden Ring" and "Final Fantasy XV" that was announced in the event in Paris on April 2, has been met with great response, even abroad, and has been presented at various events in Japan. We are truly grateful for the overwhelming responses of the fans since its announcement, and we thank you for your continuous support and warm love. Rise, Tarnished is a game for everyone in the worldwide online community, and everyone is focused on the story! At the same time, we have prepared many curious stories to be experienced in Rise, Tarnished. If we have prepared something you would like to experience, please let us know. With all this, we hope you can look forward to the release of Rise, Tarnished in the PlayStation®4, Xbox One, PC on July 24, 2017. * Please note that the story elements are being prepared as we speak. Until then, Final Fantasy XV We'll be giving out Rise, Tarnished's demo on PlayStation®Network starting May 9, 2017. Please check the details at Yoshida, Naoya Studio Director Elden Ring, Final Fantasy XVQ: Find the atlas with the greatest number of nondegenerate balls Let X be a set and $\mathcal{F}$ a family of subsets of X which is closed under subsets. We say that $A \in \mathcal{F}$ is nondegenerate if for any $A' \subseteq A$, we have that either $A' = \varnothing$ or $A' \in \mathcal{F}$ Let $\mathcal{A}$ be a finite, open cover of X such that each $A \in \mathcal{F}$ is contained in some $U \in \mathcal{A}$ and that the balls A are nondegenerate. Assume that the intersection of any two balls of $\mathcal{A}$ is nondegenerate, and that X is compact. If we fix a $U_i \in \mathcal{A}$ for each $i \in bff6bb2d33
