## Reset Epson Tx320f Exe

Compatible with all types of Epson POS printers and displays. Returns the results of restarting the Device Hub Terminal (TM-DT) to the application. After downloading the driver file, double-click the .exe file to install the whole process. The driver can be copied to the Windows\System32\DriverStore\FileRepository folder and manually install following the instructions on the screen. By default, TM-DT does not install the driver file on the local computer, so to use TM-DT on the local computer, you must install the driver in the Windows\System32\ folder DriverStore\FileRepository if the driver was installed in the Windows\System32\DriverStore folder. It will be launched automatically after reboot.
